

Micro-Nice®

Bio Engine Cleaner

Micro-Nice® Bio Engine Cleaner is a newly developed biodegradable phytochemical used for cleaning and degreasing automotive engine compartments. The main ingredient, **Micro-Nice®**, is a botanical extract which is safe for the user and the environment, and highly effective in removing unwanted debris from many surfaces. **Micro-Nice® Bio Engine Cleaner** also has a natural deodorizing effect.

APPLICATIONS & BENEFITS:

- Removes oil, grease and dirt from automotive engines.
- Harmless to paint, metal, and rubber surfaces.
- Safe to use, non-toxic, and environmentally friendly.
- More than 90% Biodegradable.

DIRECTIONS FOR USE:

Spray **Micro-Nice® Bio Engine Cleaner** on the area desired to be cleaned. Leave product on as long as possible to perform its cleaning action. Gently wipe or polish the required area with a wet cloth. Rinse with clean water and wipe dry.

PRODUCT AVAILABILITY:

Part Number	Product Description
