

# Micro-Nice®

## Bio Furnishing

**Micro-Nice® Bio Furnishing** is a newly developed biodegradable phytochemical used for cleaning grease and dirt from upholstery. The main ingredient, **Micro-Nice®**, is a botanical extract which is safe for the user and the environment, and highly effective in removing unwanted debris from many surfaces. **Micro-Nice® Bio Furnishing** also has a natural deodorizing effect.

### APPLICATIONS & BENEFITS:

- Removes oil, grease and dirt from furniture upholstery.
- Ideal for surfaces that cannot be removed, such as car seats, household and office furniture
- Safe on plaster, tiles, glazed, rubber & painted surfaces.
- Safe to use, non-toxic, and environmentally friendly.
- Not less than 90% Biodegradable.

### DIRECTIONS FOR USE:

Spray **Micro-Nice® Bio Furnishing** on the area desired to be cleaned. Leave product on as long as possible to perform its cleaning action. Rinse with clean water and wipe or blow dry.

### PRODUCT AVAILABILITY:

Part Number	Product Description
